2. **Know our deadlines**
   - November 1 is the early action (non-binding) and the deadline for the highest scholarship consideration. To meet this deadline, you must submit a complete application, including your official high school transcript, IU-specific essay, and self-reported or official SAT/ACT scores (if applicable) by this date.

3. **Submit a complete application**
   - You have two options to apply: • Common Application • IU Academic Scholarships and Selective Scholarship Application (SSA).

   **Application deadlines**
   - Submit a complete application by this date.
   - Receive a response no later than:

Please note: test scores that are listed on your high school transcript do not count as self-reported—you must self-report them on your application or via our self-report form. If you self-report and are offered admission, the offer will be contingent upon receipt of official test scores from testing agencies, which must match or be higher than those you self-reported. If you self-reported scores from multiple tests, you will need to send official score reports for each test.**

   **You also need to:**
   - Submit your official high school transcript.
   - If you're a transfer, intercampus transfer, adult, military/veteran, or second degree applicant or a visiting student, visit our website to learn how and when to apply for undergraduate admission: go.iu.edu/apply
